

Oakford Backup made our first exhibiting appearance at BETT at the Olympia in London in January 2012. We were located at the end of the ground floor of the West Hall stand D155A , located right next to Oakford Technology's other stand; Parent-Portal.

We exhibited for the full four days from Wednesday to Saturday and enjoyed meeting a wide range of visitors from all over the UK and internationally. Oakford Backup ran some very special BETT pricing for show visitors and handed out screen wipes for workstation and mobile devices—they were a big hit!

The show was an amazing success, adding new vaults to our 2 datacentres. Oakford Backup will be back in 2013 for the exhibition at the Excel in London, with a [BIGGER and BETTER stand!](#) You'll find us at stand G44, near the LEARN LIVE stand.

We'll look forward to seeing you there!
